Multi-Academy Trust proposal - UPDATE FROM STEP SCHOOLS

Dear Parents/Carers

As we approach half term, we write to update you on the work we have done so far.

Head Teachers and Governors of all the schools have been discussing a range of options, considering carefully, as priority, the values and the ethos of each of our individual schools. A working party of representatives from across the schools has been collaborating to provide stakeholders with a document for consultation.

It is our ambition to share an initial draft document as part of the informal consultation process. We would hope to have this ready to share with you by the end of the Spring Term. Each school will publish their arrangements for feedback and discussion with stakeholders around this document separately.

There is a requirement for formal consultation after notification to the DfE but before Governing Bodies make any final decision about becoming an academy. Formal consultation will take place if governing bodies decide to proceed with this application.

Thank you to everyone who has contributed to the process so far.

Yours sincerely

Bernadette Przybek     Kings Heath Boys
Shirley Hanson         Kings Heath Primary
Kalsom Khan            Park Hill Primary
Helen Reeves           Queensbridge School
Debbie James           Swanshurst School and Sixth Form Centre
Sara Pecheur           Wheelers Lane Primary
Diane Henson           Wheelers Lane Technology College
