

Applications for Special Consideration Summer 2021: All Qualifications

- The usual process of schools submitting special consideration applications to examination boards will not apply this summer.
- Schools should be able to select work completed by a student when they were unaffected by adverse circumstances e.g. bereavement, poor health, trauma, to award their grades fairly.
- Where a student feels that a **temporary illness, injury, or some event outside of their control** may have **affected them on the day that they completed an assessment** that contributes to the grade that they are awarded, they have the right to **request** that this is taken into account.
- **Special consideration cannot be applied due to lost teaching and learning e.g. due to absence from school or a family holiday.**

Applications for Special Consideration Summer 2021: All Qualifications

If you believe that there were any mitigating circumstances affecting you at the time of any assessments identified in the student evidence guide, please complete this form by **Friday 7th May**.

Year 11: <https://tinyurl.com/Y11SC>

Year 12 + 13: <https://tinyurl.com/6thformSC>

The form will be reissued during the second assessment week and should be completed by **Wednesday 26th May** if any circumstances have changed.
